KYLE FERREIRA

Senior Team Lead - Senior Associate

A self-motivated professional with 4+ years of experience in data analytics and a foundation in finance. Skilled in Python, Power BI, and data analysis techniques to automate processes, build impactful dashboards, and deliver actionable insights.

My passion for innovation and problem-solving has driven me to enhance data quality, streamline reporting mechanisms, and optimize business procedures. By combining technical expertise with strong communication and teamwork skills, I have successfully led teams and contributed to high-performing, data-driven projects.

With a unique blend of experience in finance and data analytics, coupled with a commitment to continuous learning, I am eager to support your organization's success through advanced data solutions and strategic decision-making.

WORK EXPERIENCE

SENIOR TEAM LEAD - SENIOR ASSOCIATE 2023 - Current MSCI

- Responsible for a team of 30+ members as a Senior Team Lead, driving local team expansion and continued operational development.
- Spearheaded the shift to automating manual processes using Python, improving processing time by 75%.
- Developed advanced Power BI Report mechanisms, providing more consolidated and dynamic reporting, as well as allowing for improved processing efficiency gains of 83%.
- Collaborated with cross-functional teams to design scalable solutions for reporting and analytics.
- Experienced in overseeing multiple client and internal-driven projects, ensuring data completeness, data quality, and timely delivery of objectives.

TEAM LEAD - ASSOCIATE 2022 - 2023 MSCI

- Oversaw the establishment and expansion of a newly formed team in South Africa, expanding the overall team size by 43% over 18 months.
- Developed and enhanced Data Quality Reporting, providing consolidated error feedback while identifying trends and outliers.
- Collaborated with Product Management to facilitate Policy Material enhancements.
- Responsible for compiling monthly business unit updates, providing comparative YoY KPI statistics and team updates.
- Facilitated timely and accurate client Data Processing requests, ensuring targeted turnaround times and KPIs are met.
- Managed daily workflow assignment and prioritization, ensuring SLA and business objectives were met.
- Performed various people management tasks such as recruitment, work allocations and performance evaluations.

DATA ANALYST 2020 - 2021 MSCI

- Analysis of fund cash flows, market valuations and private equity financial reporting to derive performance metrics.
- Audit and Data Quality control functions to ensure compliance with policies and procedures.
- Facilitated mentorship and training programs for newly onboarded employees, ensuring integration into technical workflows.
